Jan van der Walt is the CEO of Corporate Renewal Solutions, a black empowered management consulting firm specialising in the turnaround of distressed companies, and business transformation of under-performing companies.

In his turnaround practitioner career he served as both senior accountable executive and in advisory positions in numerous turnaround situations in a variety of industries ranging from the public sector, to private sector clients as large as R5bn turnover.

At present he is completing his Doctorate in Business Administration at the Gordon Institute of Business Science of the University of Pretoria, focusing on business rescue and turnaround. Jan obtained his MBA from Stanford Business School, where he studied with a Fulbright Scholarship and specialised in strategy. He also obtained an Honours B.Sc. in Operations Research from the University of South Africa, and a B.Sc. Industrial Engineering cum laude degree from the University of Pretoria.

He regularly writes articles, presents at conferences, participate in panel discussions and does guest lecturing at business school; and act as internet web master, blog writer and web discussion forum moderator on the topics of corporate renewal, business transformation, turnaround and business rescue.

He is a member of the Business Rescue subcommittee of the King III Committee on Corporate Governance; founder member, director and COO of the Turnaround Management Association – Southern Africa (TMA-SA); founder member, director and Treasurer of the Association of Business Administrators of South Africa (ABASA); and a member of the Institute of Directors (IoD). Jan has since 2004 been actively involved in crafting submissions to government, and industry association/government workshops and panel discussions on new business rescue legislation as contained in Chapter 6 of the Companies Act.

The workshop will cover:

- Why business rescue?
- History of Chapter 6
- Objectives within the timeline of financial distress
- The process – from commencement to termination
- Roles of and impact on stakeholders
- Characteristics
- Implications
- Accolades
- Concerns
